

My first Disney magazine

# Winnie the Pooh

POOHFECT CRAFTS

**1** First, stick the pages onto some card. Then carefully cut around the edges.

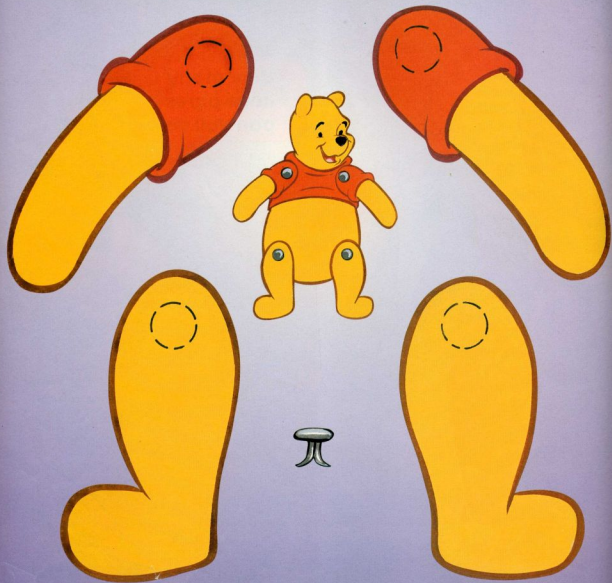

**2** Now put the arms and legs onto Pooh by pushing a butterfly clip through each hole.

**3** Then put some string through the hole at the top and Pooh is ready to play.

# puppet friends to make

Pooh is the first puppet friend for you to make.  
All you need is a pair of scissors, some thin card, some glue,  
string, four butterfly clips and these two pages.  
Don't forget to ask a grown-up to help.

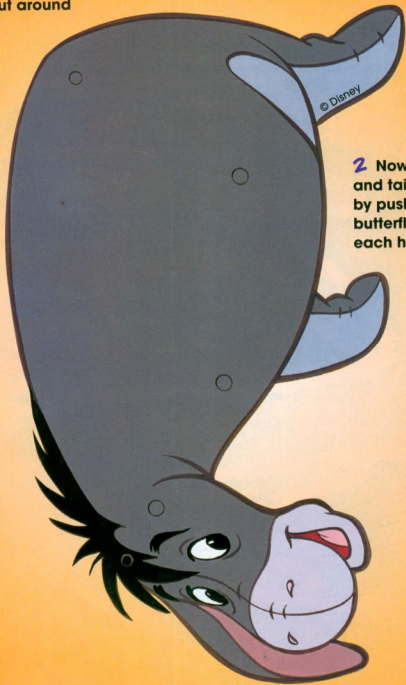

# Puppet friends to make

Here is the last of Pooh's puppet friends for you to make. All you need is a pair of scissors, some thin card, some paste, some string, four butterfly clips and these two pages. You might need to ask a grown-up to help.

**1** First, stick the pages on to some card. Then carefully cut around the edges.

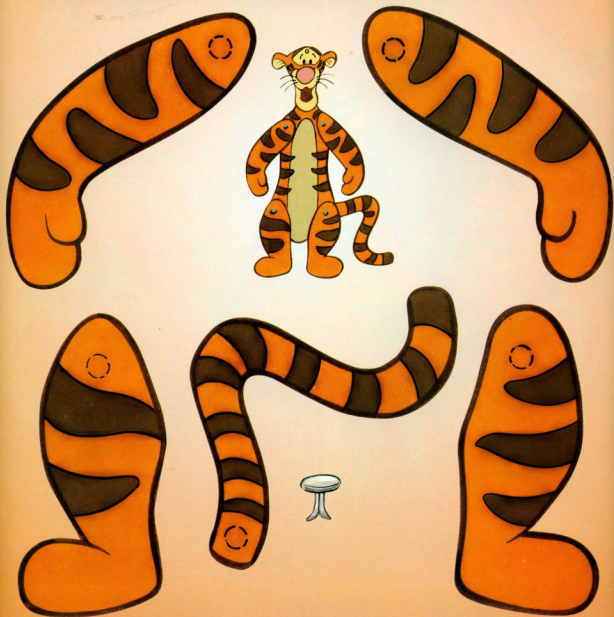

**2** Now put the legs and tail on to Eeyore by pushing a butterfly clip through each hole.

**3** Then put some string or elastic through the hole in Eeyore's head and he is ready to jump!

# Puppet friends to make

Here is the second of Pooh's puppet friends for you to make. All you need is a pair of scissors, some thin card, some glue, string or elastic, four butterfly clips and these two pages. Don't forget to get a grown-up to help.

**1** First, stick the pages onto some card. Then carefully cut around the edges.

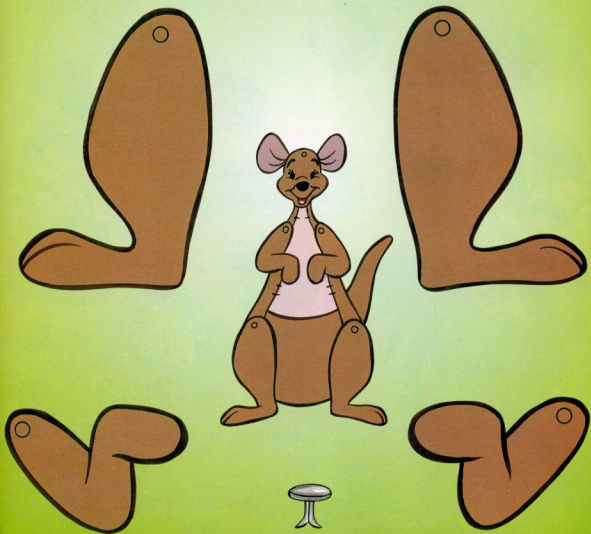

**2** Now put the arms and legs onto Tigger by pushing a butterfly clip through each hole. Remember that his tail is joined to the same hole as his left leg.

**3** Then put some string or elastic through the hole at the top and Tigger is ready to bounce.

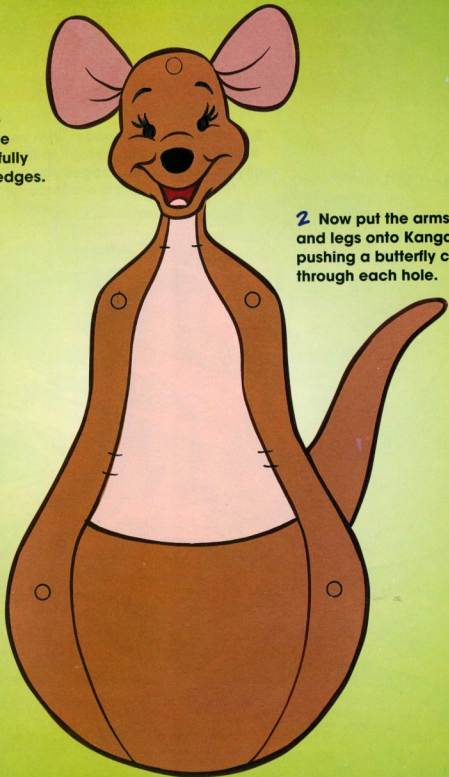

# Puppet friends to make

Here is the third of Pooh's puppet friends for you to make. All you need is a pair of scissors, some thin card, some paste, four butterfly clips, some string or elastic and these two pages. You may need a grown-up to help you.

**1** First, stick the pages onto some card. Then carefully cut around the edges.

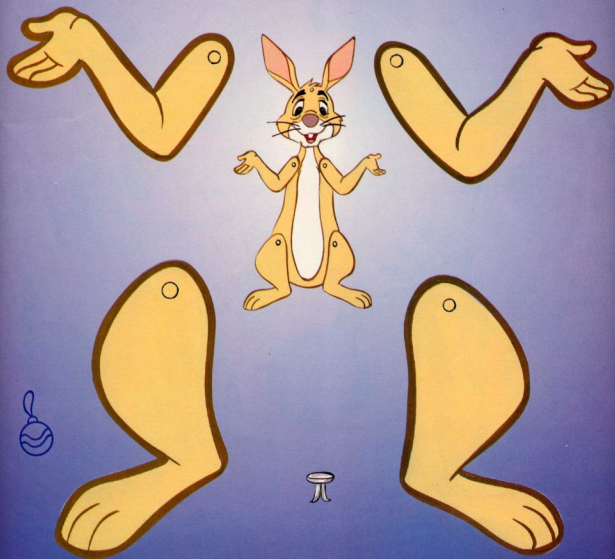

**2** Now put the arms and legs onto Kanga by pushing a butterfly clip through each hole.

**3** Then put some string or elastic through the hole at the top and Kanga is ready to jump.

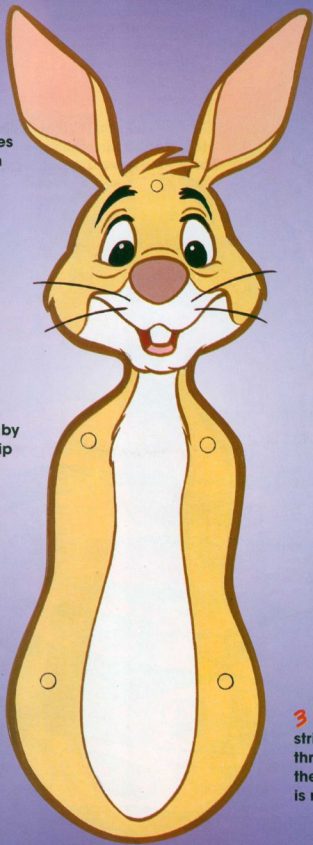

# Puppet friends to make

Here is the fifth of Pooh's puppet friends for you to make. All you need is a pair of scissors, some thin card, some paste, some string, four butterfly clips and these two pages. You might need to ask a grown-up to help.

**1** First, stick the pages onto some card. Then carefully cut around the edges.

**2** Now put the arms and legs onto Rabbit by pushing a butterfly clip through each hole.

**3** Then put some string or elastic through the hole at the top and Rabbit is ready to hop!

# Puppet friends to make

Here is the fourth of Pooh's puppet friends for you to make. All you need is a pair of scissors, some thin card, some paste, some string, four butterfly clips and this page. You might need to ask a grown-up to help.

**1** First, stick the pages onto some card. Then carefully cut around the edges.

**2** Now put the arms and legs onto Piglet and Roo by pushing a butterfly clip through each hole.

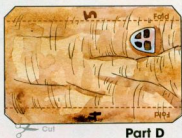

**3** Then put some string or elastic through the hole at the top and Piglet and Roo are ready to jump.

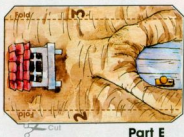

# Home, sweet home

Here's the first of a super collection of Winnie the Pooh and his friends' houses to make. Each issue, for the next nine issues, we will be giving you one of the characters' houses. You can also collect a two-part picture of the Hundred Acre Wood to stand them on. The first is Piglet's house. Ask a grown-up for help with the tricky bits.

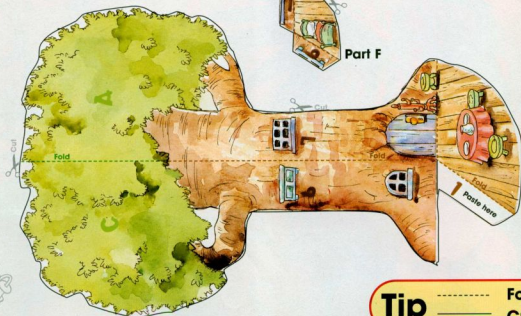

Part D

Part E

Part F

**Tip**

----- Fold  
————— Cut

## You will need:

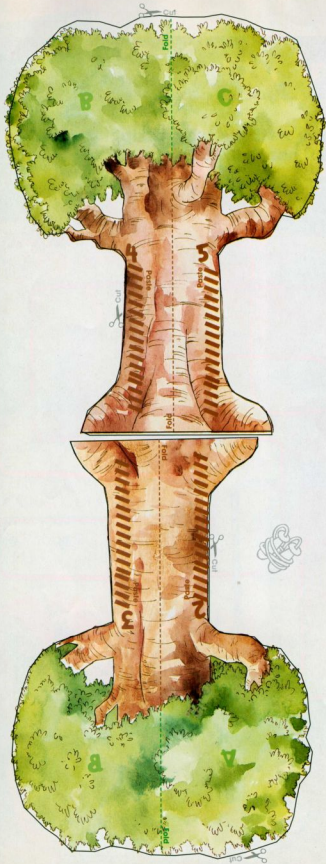

Round-ended scissors  
Paste

## Here's what you do:

- 1.** Cut out the three tree shapes. Then, **fold** each one in half, inwards, along the dotted line.
- 2.** Take the tree marked **(C)/(A)**. Then, fold along the dotted lines and paste flap **(1)** on to the back of tree.
- 3.** Now, take the tree marked **(B)/(C)**, and the tree marked **(C)/(A)**. Paste the sides marked **(C)/(C)** back-to-back.
- 4.** Take the tree marked **(A)/(B)**, and the two sides you have just pasted together. Paste sides **(A)/(A)** and **(B)/(B)** together.
- 5.** Cut out parts **(D)** and **(E)**. Match up the numbers to those on the tree trunk, fold where shown and paste them on.
- 6.** Cut out part **(F)** - this is Piglet's 'bedroom' - fold the flaps **up** along the dotted lines, match up the numbers and paste on to the trunk.

**Now you have  
Piglet's house!**

Picture lotto

Winnie the Pooh

Print two copies - cut the squares apart - turn them over and try to find matching pieces.

# Pooh's mobile

Here are the third two figures for your great Winnie the Pooh mobile. All you need to make it are some cardboard, glue, round-ended scissors, string, sticky tape and two old wire coat-hangers. Paste these pages onto the cardboard and then cut out the pictures of Christopher Robin and Roo.

1. Paste the pictures a) and b) together back to back, then thread string through the holes at the top.

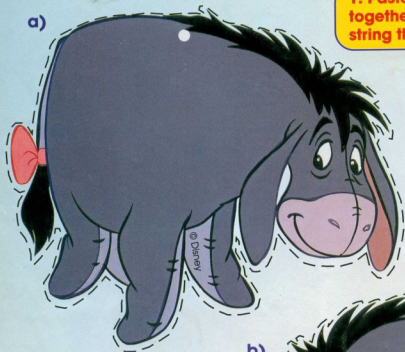

# Pooh's mobile

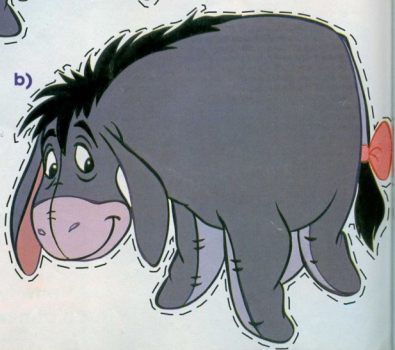

Here are the first two figures for your great Winnie the Pooh mobile. All you need to make it are some cardboard, glue, round-ended scissors, string, sticky tape and two old wire coat-hangers. Paste these pages onto the cardboard and then cut out the pictures of Pooh and Eeyore.

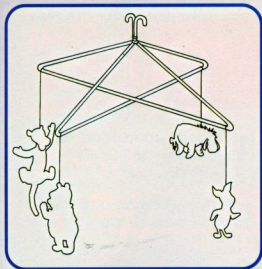

1. Paste the pictures a) and b) together back to back, then thread string through the holes at the top.

a)

b)

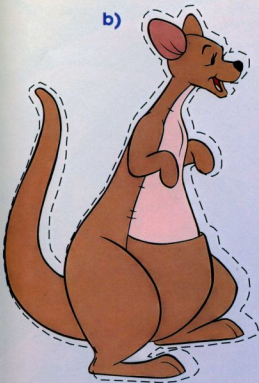

**2. Tape the coat-hangers together as shown in the picture and hang your double-sided figures from them with your two figures from the last issue.**
